TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Continuation Sheet

Response to the Notice of Non-Compliant Amendment filed 31 August 2006 is acknowledged. The Office thanks Applicant for correctly submitting a corrected claim set with respect to the set filed 19 September 2005. However, the corrected claim set filed August 2006 contains the following claim text marking errors with respect to the claim set filed September 2005 (the set filed June 2006 not having been entered).

Claim 19 appears to contain a typo, wherein a "%" symbol appears after the deleted "are".

The word "polynucleotide" in claim 39, line 3, is indicated as newly added to the claim by underlining; however, the previously examined claim already contains the word "polynucleotide" and only the phrase "[a]t least one" has been added to the claim.

Claim 40 has been amended to read polynucleotides, but the "s" indicating plurality has not been indicated by underlining. MPEP 714.

Please call me if I may be of assistance.
